

BINOJ B CHANDRAN

Full Stack Web Developer | IT Administrator & System Analyst

Sharjah, UAE | +971 50 411 5315 | binojbc3315@gmail.com | GitHub: github.com/BinojBChandran

PROFILE SUMMARY

Dedicated MCA graduate and IT Administrator & System Analyst with a strong focus on industrial digital transformation. Proven expertise in Canias ERP support, including TROIA scripting and iasDB (SQL) management, to optimize production and inventory workflows. Provide ongoing application support for FileMaker and Tally, handling database administration, troubleshooting, and user support. Skilled at maintaining mission-critical infrastructure, industrial hardware (HMI's, Zebra scanners), and network security in 24/7 manufacturing environments. Full stack web development background in React, Node.js, Angular, and Flask.

PROFESSIONAL EXPERIENCE

IT Administrator & System Analyst

09/2025 - Present

Elite Extrusion LLC | Dubai, UAE

- Provide expert-level support for Canias ERP, including custom development using TROIA scripting and database management via iasDB (SQL).
- Administer Windows Server (2019/2022), Windows 10/11, and Linux distributions including Ubuntu and CentOS.
- Maintain industrial technology including PLC connectivity, rugged HMI's, and configuration of Zebra industrial scanners and thermal printers.
- Manage IT infrastructure including Active Directory, Microsoft 365/Azure, and network security via Fortinet firewalls.
- Apply ITIL support standards, SDLC methodology, and gap analysis for process optimization and preventative maintenance of factory hardware.
- Provide application support and troubleshooting for FileMaker databases and Tally accounting software.

Software Engineer Intern

06/2025 - 08/2025

YESIGN | Thrissur, India

- Contributed to software engineering projects, gaining hands-on development experience.
